EXECUTIVE SUMMARY

Contact: Jeff Hankins (501) 660-1004

ACTION ITEM: The Arkansas State University System requests approval to adopt and implement a Title IX policy that is compliant with applicable law.

ISSUE: The Board of Trustees must approve modifications to ASU System policies.

BACKGROUND:

- Title IX is a comprehensive federal law prohibiting discrimination on the basis of sex by institutions of higher education that receive federal funds.
- The Arkansas State University System has maintained a policy prohibiting sexual discrimination in any program or activity and has also maintained a grievance procedure that complies with the requirements of Title IX.
- On August 12, 2020, the Board of Trustees approved a revised Title IX policy that is currently in effect today.
- On April 19, 2024, the U.S. Department of Education released revised regulations governing campus compliance with Title IX.
- Institutions of higher education were ordered to implement these new regulations on or before August 1, 2024.
- The revised Title IX regulations are being challenged in multiple courts across the United States. Some courts have issued injunctions prohibiting the new regulations from taking place in certain jurisdictions and for certain campuses. Currently, the Department of Education has been enjoined from enforcing the new Title IX regulations in the State of Arkansas.
- The ASU System must operate in compliance with applicable law.
- The ASU System Office will continue to monitor legal developments in the current Title IX litigation and ensure that the System's Title IX policies and procedures are legally compliant.
- Additionally, regardless of the outcome of the aforementioned Title IX litigation, the ASU System campuses will continue to utilize hearing panels to adjudicate Title IX claims. In order to ensure that

Be it resolved that the Arkansas State University System Office is ordered to ensure that the ASU System campuses have in place a Title IX policy that is compliant with applicable law. Additionally, the ASU System campuses are authorized to have employees from each ASU System campus serve on hearing panels for any campus within the ASU System.

ACTION ITEM:

Henderson State University (HSU) requests approval to offer reduced credit-hour degrees in the following programs: Bachelor of Arts degree in Digital Media Production (accelerated pathway); Bachelor of Arts degree in Sociology (accelerated pathway); Bachelor of Science degree in Criminal Justice (accelerated pathway); Bachelor of Science degree in Natural Science Pre-Dental Hygiene (accelerated pathway); Bachelor of Science degree in Natural Science Pre-Pharmacy (accelerated pathway); and Bachelor of Science degree in Natural Science Pre-Veterinary (accelerated pathway).

ISSUE:

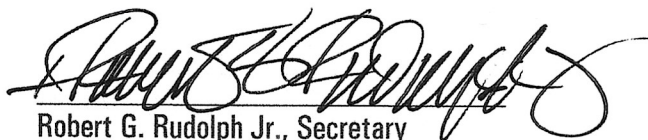

The Board of Trustees must approve the offering of any new degree.

BACKGROUND:

- In March 2024, the Higher Learning Commission released information concerning the acceptance of applications for reduced credit-hour programs. Conversations with the Arkansas Division of Higher Education indicated that HSU may serve as the pilot program for the state of Arkansas.
- The proposed reduced credit-hour degrees can be completed in six (6) semesters. In addition to the required courses listed for each degree, all students must complete the General Education Core Requirements, as specified by the University and required by the state.
- The proposed reduced credit-hour degrees do not replace the currently offered bachelor's degree in each discipline. Therefore, no new faculty or courses will be required. With the expected growth, there will be further conversations about faculty resources needed to maintain sustainability in the future.
- The proposed reduced credit-hour degrees support the mission of the University by providing fundamental knowledge, concepts, and practical skills acquired through both study of concepts and theory. This knowledge is applicable immediately upon successful completion of the respective programs, for both immediate employment in the workforce and subsequent success in graduate school.

RECOMMENDATION/RESOLUTION:

Be it resolved that Henderson State University is approved to offer reduced credit-hour degrees in the following programs: Bachelor of Arts degree in Digital Media Production (accelerated pathway); Bachelor of Arts degree in Sociology (accelerated pathway); Bachelor of Science degree in Criminal Justice (accelerated pathway); Bachelor of Science degree in Natural Science Pre-Dental Hygiene (accelerated pathway); Bachelor of Science degree in Natural Science Pre-Pharmacy (accelerated pathway); and Bachelor of Science degree in Natural Science Pre-Veterinary (accelerated pathway), effective Fall 2025.
