Getting Started

You will need a 90-day supply prescription for your first custom delivery order.
If you choose to have your order shipped via standard delivery, you should receive your prescription within 10 days from the date we receive your order.

You have three options to start your prescription with us:

Option 1 From Your Doctor

Ask your doctor to send your prescription electronically to MedImpact Direct or to fax it to us at: (888) 783-1773.

Our friendly pharmacy staff will call you to obtain your approval before we process any prescriptions your doctor sends us. We will not ship these prescriptions until you confirm that you want the medication.

Option 2 Mail Us Your Prescription

Complete the enclosed order form and mail it to us with your paper prescription and your payment. Once we have your order, you can register online to order refills and customize delivery options for future orders.

Option 3 Call Us Toll-Free at: (855) 873-8739

Monday-Friday: 7:00 a.m. – 7:00 p.m. Central

Saturdays: 8:00 a.m. – 4:00 p.m. Central

With a simple phone call, our friendly pharmacy staff will transfer your prescription to us.

That's it! It's that easy.
